Flock Safety Product Launch

We missed you at Flock Safety's most recent live webinar highlighting our newest hardware and features. As law enforcement professionals, we know the importance of staying updated with the latest innovations in policing. Therefore, we wanted to provide a recap of the product announcements you might find interesting, including:

- **Condor Video: Fixed and Solar**- unlock the power of AC power-free live and recorded video, expanding and customizing coverage by easily adding cameras to blind spots or coverage gaps

- **Falcon® LR with Solar Power** - discover the first solar-powered LPR designed for high-speed, multi-lane environments, perfect for off-the-shoulder deployment or areas with limited power infrastructure
- **Falcon LPR + Condor Video Bundles** - Integrate video and license plate recognition technology for expanded coverage and efficient evidence access, maximizing resources and expediting crime resolution
- **Traffic Analytics** - Maximize public safety impact with Traffic Analytics, leveraging existing LPR technology for targeted enforcement, optimized patrol routes, collaborative efforts, and data-driven decision-making
- **NightVision®** - Falcon customers can now see high-quality images day and night, thanks to advanced computational photography techniques and AI algorithms
- **People Detection** - detect when people are in restricted areas during unauthorized times, enabling quick responses by law enforcement and security teams

Want to see all the details in action? Access the event recording here.

Together, we can harness these innovations to further our shared mission to eliminate crime.

Stay safe,
The Flock Safety Team
